1. The first part of the document discusses the importance of maintaining accurate records of all personnel movements and activities within the facility.

2. It is noted that the current system for tracking personnel is outdated and prone to errors, which could compromise the security of the facility.

3. The document proposes the implementation of a new, more sophisticated tracking system that would utilize biometric data and real-time monitoring technology.

4. This new system would not only improve the accuracy of personnel tracking but also enhance the overall security posture of the facility by providing more detailed and timely information.

5. The implementation of this system is estimated to require a budget of approximately \$2.5 million, with a timeline for completion of 18 months.

6. It is recommended that the necessary funding be allocated from the current fiscal year's budget to ensure the timely implementation of this critical security upgrade.

7. The document concludes by stating that the proposed system is essential for maintaining the highest level of security and operational efficiency within the facility.

8. The implementation of this system is a top priority for the facility's management and should be completed as soon as possible.

Certificate of Death

Reg. No.

00 13479

Baltimore, Maryland 21215-0020

Pages 1 and 2 should be filed within 72 hours after death with the Maryland Department of Health and Mental Hygiene.

Important: If item 27 is marked other than "natural", or items 23a or 28a-f show any injury or other traumatic event, the Medical Examiner must be notified at once.

Division of Vital Records, P.O. Box 68760,

To the Hospital or Attending Physician: The law requires that the death certificate be executed within 24 hours after death.

To the Funeral Director: After this certificate has been signed by the attending physician and completely filled in by the funeral director, page 2 should be detached for use as the burial-transit certificate.
